EDUCATION

McMaster University

B. Eng, Computer Engineering

Sep. 2023 – Present

Hamilton, ON

- **GPA: 3.9/4.0**
 - Faculty of Engineering Award of Excellence (2023), Dean's Honour List (2024)
- **Coursework:** Digital Systems Design, Data Structures and Algorithms, Software Development, Electronic Devices and Circuits, Circuits and Waves, Microprocessor Systems
- Member of Solar Car Strategies Team
 - Designed and implemented a Python algorithm to collect traffic data from the Overpass API for race simulations
- Member of RC Car Club
 - Worked with a small team to build a custom-made RC car for racing

WORK EXPERIENCE

Shadex

Factory Worker

July 2025 - Aug. 2025

Markham, ON

- Adjusted measurements based on order specifications for final product accuracy
- Managed deliveries by systematically organizing incoming components, increasing workflow efficiency

Pedalheads

Instructor

Jun. 2023 - Aug. 2023

Unionville, ON

- Developed tailored teaching plans to instruct dozens of campers on safe and effective bike riding techniques
- Optimized class time by efficiently organizing equipment at the beginning and end of each day
- Maintained communication with campers to reinforce lessons and provided parents with progress updates

Old Village Construction

Construction Worker

Oct. 2021 – Dec. 2021

Markham, ON

- Collaborated with team members to complete home renovation projects safely and efficiently
- Maintained a clean work environment which led to increased safety and team efficiency

PROJECTS

Room Scanner [C++/Python]

- Developed an integrated hardware-software system that captured room dimensions using a LIDAR sensor and microcontroller, processing the data with Python to generate a visual plot

2D Platformer [C#/Unity]

- Designed a 2D platformer in Unity (C#) applying OOD principles to enemies and consumables

Agar.io [Python]

- Utilized OOP in Python to create CPU opponents and game items

CERTIFICATIONS, SKILLS & INTERESTS

- **Certifications:** Standard First Aid and CPR, Class G Driver's License
- **Technologies:** Verilog, Python, C, C++, C#, HTML, CSS, JavaScript, Git, Microsoft Office (Word, Excel, PowerPoint)
- **Skills:** Problem-Solving, Communication, Teamwork, Organization, Adaptability
- **Interests:** Hockey, Reading
